

Breakable Cap

Designed to protect 2 ½" female swivel threads with pin lugs; and also allow for quick access when a hose connection is necessary.

The caps are made with scored tabs that allow the fire department to easily remove by striking with a hydrant wrench or similar tool.

Sold in pairs complete with eye bolts and nuts.

Available in either plastic or aluminum. Both types come in a red finish.

Part Number	Size	Finish
BRKCAP	2 ½"	Red Plastic
BRKCAP-MS	2 ½"	Red Aluminum
