

Outside Hose Storage Cabinet

Outside hose storage cabinets are designed for use at industrial facilities where there is a nearby hydrant or other exterior water supply. These cabinets are designed to accommodate up to 300 feet of 2½" fire hose with nozzles, fire axes, and other fire fighting equipment.

Specifications:

- 3 Finishes available: Cold-rolled steel, galvanized steel, or aluminum
- Leg length choices = 12", 18", or 24"
- Finish: All parts finished with a red, exterior grade, TGIC polyester powder coat
- Weatherproof sloping top, front overhang
- Double reinforced doors - continuous hinges
- Two point lock with chrome handle - locks keyed alike
- Louvers provided on both ends for ventilation
- Adjustable center shelf
- "Fire Hose" decal is standard
- Units are factory assembled - legs are packed separately

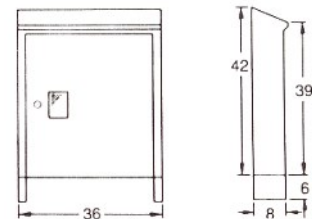

Part Number	Size	Finish	Notes
15-58A	58" W x 15"D x 42" T (without legs)	Red Aluminum	80 lbs.
15-58S	58" W x 15"D x 42" T (without legs)	Red Steel	195 lbs.
15-58SG	58" W x 15"D x 42" T (without legs)	Red Galvanized Steel	195 lbs.

Marina Hose Cabinet

Marina hose cabinets are designed for use in marine applications where corroding is of concern. These cabinets are designed to accommodate a rack hose assembly unit with an extinguisher.

Specifications:

- Material: .063 - 5052 non-corrosive marine grade aluminum
- Weatherproof sloping roof with front overhang
- Reinforced door with continuous aluminum piano hinge
- Solid brass cylinder locks keyed alike
- Finish: All parts finished with a red, exterior grade, TGIC polyester powder coat, standard
- All welded construction with exposed edges ground smooth to a safe radius
- All units come standard with 6" legs and bottom mounting flange for easy installation
- Safe easy access through a 4" x 4" breakable arylc opening with lever assembly

Part Number	Size	Finish	Notes
MCAL4236	36" W x 8" D 42" T (without legs)	Red Aluminum	65 lbs.
